SUMMARY

Computer Science undergraduate with strong foundations in Data Structures and full-stack development, experienced in building scalable web applications using React, Node.js, and modern JavaScript frameworks. Solved 500+ DSA problems and developed interactive web projects, with a focus on performance optimization and user-centric design.

EDUCATION

Chandigarh University <i>Bachelor of Engineering in Computer Science and Engineering CGPA: 6.96</i>	Punjab 2022 – 2026
Jeevan Jyoti Public School <i>Senior Secondary School (CBSE) Percentage: 80.08%</i>	Nawada 2019 – 2021
Jeevan Jyoti Public School <i>Matriculation (CBSE) Percentage: 74.6%</i>	Nawada 2018 – 2019

PROJECTS

Ray-Ban Landing Page | JavaScript, Three.js, HTML, CSS

- Designed an immersive landing page using **Three.js**, HTML, CSS, and JavaScript, featuring interactive 3D visuals.
- Created a visually engaging user experience showcasing eyewear collections in a realistic 3D environment.
- Integrated modern UI animations to blend fashion aesthetics with cutting-edge web technologies. (live link)

AI Resume Analyzer | React, TypeScript, Puter.js, Zustand, Tailwind CSS, Vite

- Built an AI-powered resume analysis platform using **React** and **TypeScript** with serverless authentication via Puter.js — no backend required.
- Implemented PDF upload, cloud storage, and AI-driven **ATS scoring** with job-description matching and personalized feedback.
- Implemented **Zustand** for global state management, reducing unnecessary re-renders through selective subscriptions and improving UI responsiveness.

TECHNICAL SKILLS

- **Languages:** C++, C, JavaScript, TypeScript, SQL, Python, CSS
- **Frameworks & Libraries:** React (Vite), Node.js, Express.js, MongoDB, Tailwind CSS, Socket.IO
- **Tools:** GitHub, VS Code, Jira, Microsoft SQL Server
- **Core Concepts:** Data Structures, OOP, Frontend, Backend Development

CERTIFICATIONS & ACHIEVEMENTS

- Solved **500+ DSA problems** on LeetCode.
- Worked on multiple research papers during academic semesters.
- Research Paper Accepted at ICASET — “Cloud for Governance: Leveraging Virtualization, Containerization, and IaC for Public Sector Workloads.”
- Cloud Computing Certification.
- Multi-core Computer Architecture Certification.
